RE: Reception Phonics Workshop

Dear Parents/Carers,

This year your child will be starting their Phonics learning journey. At Coppice Primary, we use "Little Wandle" phonics and one of the key messages is that we must have complete fidelity to a single scheme to avoid confusing the children with different sounds. Teaching children the "pure" sounds can be tricky, and very different from when parents/carers themselves, were at school.

In order to help our families to support their child in their phonic learning, we are delighted to invite you to a phonics presentation workshop **on Thursday 3rd October at 5pm** in the school hall. (Please enter through the hall door from outside.)

This workshop is aimed at adults to support their own understanding of phonics and how they can help their child at home. Please can children stay at home where possible, we understand there may be childcare issues and if there is no option, then please bring them along. However, the workshop is aimed at adults and it can be challenging to concentrate with children running around as the content isn't pitched at their interest level.

Please complete the attached form via the link below to confirm your attendance.
